

SFRI Jabalpur participated in 1st Mahakoshal Vigyan Mela & Arogya Expo 2024

Any scientific exhibition gives scientific or academic institutions a platform to showcase their work, uphold their achievements in respective fields and more over enable them to interact with various stake holders. In this context, 1st Mahakoshal Vigyan Mela was organized by Madhya Pradesh Council of Science and Technology (MPCST), IITDM, Jabalpur and Mahakoshal Vigyan Parishad (unit of Vigyan Bharti) from 15th to 18th November at Veterinary University Ground, Jabalpur where more than 100 state institutions, national institutions, Schools, Colleges, Universities, government and private departments, individual members and NGO representatives have displayed their work through model demonstration, poster presentation, live demonstration in their exhibition stall.

More than ten thousand School, college and university students, NGO representatives, policy makers, public representatives and local people had visited on those stalls and learnt various scientific activities and achievements from those institutions and industry representatives. This year, vigyan mela was inaugurated by Dr. Rakesh Singh, Honorable PWD Minister and Mr. Jagat Bahadur Singh, Mayor, Jabalpur City on 15th November in presence of national and international dignitaries. Scientific discussion, popular talk and Cultural programmes were also organized in every day for participants. Dr. Mohon Yadav, Honorable Chief Minister had joined virtually during valedictory session with other respected dignitaries on 18th November and conveyed various ongoing and upcoming activities of this state.

The State Forest Research Institute (SFRI), Jabalpur also displayed its major completed, ongoing activities and achievements in the field of Lac cultivation and research, cultivation techniques of medicinal plants and their uses, applied forestry and wildlife research. More than 1000 visitors that includes Dr. Ashish Dubey, Honorable Member of Parliament, Jabalpur, Vice Chancellors from various Universities, Scientists and academicians from various institutions and colleges, students from various school and colleges, NGO representatives and policy makers had learnt from team members of SFRI. It was found to be a great platform for SFRI to showcase their work in front of all dignitaries and visitors during this period.
